

manufactured by applying the liquid latex to the pre-formed polycarbonate film, flocking the liquid latex adhesive, drying the adhesive, cleaning the flock (removing free flock fibers from the dried adhesive), and applying a release liner to the free ends of the flock using a pressure sensitive adhesive.

4. I hereby declare that all statements made herein of my own are true and all statements made on information and belief are believed to be true; and further, that the statements were made with the knowledge that willful false statements and the like, if so made, are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the subject application or any patent issuing thereon.
